

BIO-X TECHNO Sdn Bhd (BXT) was established with Okada Ecotech of Singapore to research, develop, manufacture, market and globally distribute, a range of new-age "safe" pest-controls with bio-growth "promoters" to address 5 major markets.

*PUBLIC HEALTH .
COMMERCIAL SANITATION .
ANIMAL HYGIENE .
CONSUMER .
AGRICULTURE .*

Together with Okada Ecotech of Singapore, we are a socially responsible organization, task with the application of bio-technologies to develop environmentally-friendly, ecologically-balanced and non-poisonous crop-protection and pest- and pathogen-control products and services.

We develop, manufacture and market plant-growth promoters and safe insecticides based on organic natural plant extracts such as pine and neem. We offer the best natural solutions that modern science can offer to help protect our ecology and the environment ... for planet earth !!

 "Not likely to be carcinogenic to humans"

BX Q6 with ETF
 is 14 times safer than salt
 as certified by WHO and US EPA

No other product in the market today can
 match the BX Series in terms of
 features + functionality

MULTI-FUNCTION

The NECESSARY PART of our Multi Function Solution "resolves issues"

If you're one of those people who can't stand the idea of insects invading your home, you may want to stop reading now. Science has proven that there could be up to 500 species of arthropods living in your home. Arthropods are insects like spiders, mites and centipedes. Our homes are a lot more bio-diverse than we think.

At least having your BV Q6 with ETF will help keep some of those bugs at bay.

ISSUE OF INTERLINK

Harmful elements such as pests, germs, mold, fungal and foul smells are interlinked forming a complex networked web of "harm".

Mosquitos
 removed by BX Q6

Houseflies
 removed by BX Q6

ISSUE OF REMOVAL

Eliminating one usually does not remove the others. That is why BX Q6 with ETF features simultaneously as an Insecticide . Disinfectant . Insect Repellent . Deodorizer . Ovicide . Larvicide . Fungicide . Plant Growth Enhancer and is a Water-based Solution in an Aluminium Can.

Cockroaches
 removed by BX Q6

Ants
 removed by BX Q6

ISSUE OF HEALTH

A healthy and hygienic surrounding requires an effective multi-function solution to remove all harmful elements that kill and affect the environment and growth.

Tick and Mites
 removed by BX Q6

Bed Bugs, Fleas, Odors
 and much more
